

# Locking Stands for Payment PIN Pads

## Protect Your Investment. Protect Your Customer's Data

Locking Stands from ENS provide optimum security for your investment. PIN pad security dictates that the payment terminal should be difficult to remove. In most cases of PIN pad tampering, the hackers have removed the existing PIN pad and replaced it with a tampered device. ENS Locking Stands can help prevent this.

### Features at a Glance:

- Securely mounts and locks the terminal to the counter
- Tilts and Swivels 180 degrees
- Cable management
- Flips forward to help meet ADA requirements
- Speeds lane traffic.
- Reduce service calls
