

CASE STUDY

INDUSTRY: GROCERY STORE AND SUPERMARKETS

FEATURES

- Complete solution for tablet, printer and scanner
- Small, compact design
- Quick release function for easy removal
- 33° tilt for tablet screen
- Rubberized feet reduce vibration on cart handle and to allow assembly to sit on counter
- Lightweight assembly
- Adjustable Clamp brackets accommodate multiple cart models

APPLICATION

- Curbside Pick-up
- Online Shopping

BACKGROUND

Online grocery shopping with curbside pick-up programs have evolved with the busy lifestyles of shoppers. Avoiding crowds and lines, shopping the best deals throughout the store and skipping the dreaded chore makes online grocery shopping and curbside pick-up programs appealing to shoppers.

A Midwestern grocery store chain was implementing their own online shopping and curbside pickup program. In order for the program to be executed flawlessly, their personal shoppers needed an easy way to pick the correct items from the customer's online order in a timely manner.

ENS SOLUTION

ENS provided a complete solution for a tablet, printer and scanner to mount on a grocery shopping cart making it easy to shop throughout the store. The mount is attached to the handle of the cart saving valuable space in the basket of the grocery cart. To improve the visibility of the tablet and reduce glare on the screen for the personal shopper, the tablet mount can tilt 33°. The mount is designed with a quick release function to easily remove the technology from the cart if needed.

ENS IS FAST

The Midwestern grocery store approached ENS and in four and a half months ENS was capable of taking a product concept to delivery.

LET ENS
SOLVE IT
WITH YOU

Trust ENS to solve your most difficult technology mounting problem. When you partner with our team of experts we work with you through our simple four step process to Discover, Design, Develop and Deliver a solution for you on time and within your budget. With more than 100 years of combined engineering expertise, we will deliver the right solution that fits your business needs.
