

CHARGING STATIONS

Put technology where you need it

The future of consumer technology demands mobility and enabling it to blend seamlessly into business operations. With mobility, comes battery operated technology. Businesses are increasingly relying on mobile devices, whether smartphones, tablets or a laptop. When your mobile technology requires the need to charge, store or transport, ENS has a solution for you.

Charging Stations by ENS provide:

COMPATIBILITY

ENS charging stations are customized to precisely fit and charge your specific technology. ENS partners with leading technology manufacturers to create innovative solutions for our customers.

SUPERIOR QUALITY

ENS charging stations are manufactured with tough materials designed to withstand rigorous environmental conditions and provide added security.

CLEAN, SLEEK LOOK

Our charging stations are designed to manage technology cables saving you valuable set-up time and providing a clean look to your charging station.

MADE IN THE USA

ENS products are assembled at the company headquarters offices in Minneapolis, Minnesota.

CUSTOM CHARGING STATIONS

Whether you have a single device or multiple different devices, ENS' custom engineering team can create a charging station specific to your needs. Search charging stations at www.ens-co.com to view more solutions.

FULL mPOS SOLUTION PROVIDER

ENS' custom engineering team can create you a solution to protect, secure, store and mount your device to meet the customer's exact need. Visit www.ens-co.com/customsolutions to learn more!
