

MOBILE PAYMENT SLED

PAIRS THE ZEBRA TC5X WITH INGENICO iSMP4

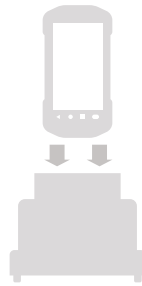

The ENS Mobile Payment Sled physically and electronically pairs a Zebra TC5X with a Ingenico iSMP4 delivering a single solution that allows retailers to scan, stock check and order via the Zebra while accepting payments and completing the sale through the Ingenico device.

- ✓ Unique solution that takes computing power and payments convenience to customers in the store
- ✓ Access to all features on both devices
- ✓ Simultaneous charging of both devices from a single charger option
- ✓ Already helping major retailers to optimize customer opportunities and grow sales
