

FLEXIPOLE CONNECT

ENHANCE YOUR EXISTING DURATILT® PAYMENT TERMINAL STAND WITH THE CONNECT UPGRADE BUNDLE FROM ENS

The FlexiPole Connect and Backplate Bundle from ENS offers a simple, cost-effective way to upgrade your existing payment terminal stand. With device backplates for a range of leading payment terminals and a UPM for the Ingenico Lane Series, the FlexiPole Connect Upgrade Bundle offers a unique solution to easily transform your existing Ergonomic Solutions Ltd/SpacePole Inc DuraTilt® stand. The FlexiPole Connect from ENS provides new tilt and rotation mechanisms and offers an affordable locking option, making it an ideal solution to prolong the life of your device and achieve superior levels of security.

- ✓ Easily upgrade your existing DuraTilt® stands and make them compatible with any FlexiPole backplate or the Lane Universal Payment Mount (UPM)
- ✓ Features 140° tilt, 330° swivel and easily adjustable pivot tension for optimum user experience
- ✓ Cost-effective security lock options (does not require an exposed coiled cord) - ensure your device is protected against theft and criminal interference
- ✓ Easy to install - cut fees and mess; simply click the Connect into your existing DuraTilt® pole base
- ✓ Future proof - benefit from brand new mechanisms and have peace of mind that you can easily upgrade your payment terminal in future with a new device-specific backplate
- ✓ FlexiPole backplates securely and discreetly hold your device onto the stand without using unattractive side tabs which can be made ineffective by tampering
