

# DM-1000 SERIES

## INCREASE THE VERSATILITY OF YOUR TOUCHSCREENS AND MONITORS WITH THE DM-1000 SERIES DISPLAY MOUNT FROM ENS

The DM-1000 Series from ENS is a revolutionary line of display stands for All-In-One (AIO) and Tablet POS Systems. Available in standard or heavy duty, single or dual/back-to-back monitor configurations, DM-1000 stands effectively enhance any Point-of-Sale (POS) system which uses touchscreens, tablets or display monitors. Forget about the limited usability and poor ergonomics of other display stands - with fantastic versatility and full range display tilt and rotation, the DM-1000 from ENS will improve customer experience and staff morale. Payment and scanning functionality can also be added to the DM-1000, making it an ideal solution for essentially any industry or use case.

- ✓ Create a more versatile and efficient Display or POS solution and enhance user/customer experience
- ✓ Designed to last, DM-1000 stands are constructed using the highest quality materials
- ✓ Excellent cable management within the stand to hide and protect cables
- ✓ Suitable for most VESA-compatible monitors and tablets up to 21" and 7lbs (3.2kg) or 18lbs (8.2kg)\*  
\*see Page 2
- ✓ Easily tailor the DM-1000 to your exact requirements by adding custom payment and/or scanner attachments
- ✓ Highly versatile - suitable for many use cases across a range of industries (eg: hospitality, retail and more)
- ✓ Easy to install - covers snap on without tools and VESA plate makes attaching monitor(s) simple
- ✓ Features adjustable tilt and rotation - tilt screen for optimum user experience and easily adjust tilt/rotation tension to suit your requirements
